Time								
7:30-7:55am	Check in / Buffet Breakfast / Chat at tables							
7:55-8:00am	Opening: Congressmen Turner							
8:00-8:50am	Keynote: Helen Patton, CISCO: The New World of Cybersecurity Leadership: How and Why Changes Are Happening Now							
20 min	Transition to breakouts							

Tracks	Government/Federal	Application Security & Security Best Practices	Compliance & Policy	Organizational Strategy & Workforce	Tech Advancements & Future Landscape	Threat Intelligence & Response	Security Awareness & Training	Tech Showcase Hub
9:10-10:00am	Human Cyber Model	Decrypt, Defend, Prevail: Deep SSL for the Real World	The Reality of Security Compliance	Generative AI use in the Cybersecurity education and training of veterans	Security Slip N Slide, now with AI	Anatomy of a Cyber Attack: From ATT&CK Execution to D3FEND Countermeasures	Humanizing Security: A New Approach to Cybersecurity that you never heard	Watch a live demo of Extreme Network's BOB Kit, a portable and powerful "Network in a Box"
	Dr Mark Reith	Victor Weis	Greg Fritz	Rob Williams	Dan Wilkins	Dylan Hall, Josh Boxer & Spencer Hogan	Ken Fanger	Christine Thome
	AFIT	Fortinet	CoStrategix	Discovery Lab	CareSource	Afidence	On Technology Parnters	Chi Corporation
20 min	Networking / Visit Booths / Refreshments							
10:20-11:10am	Cybersecurity Maturity Model Certification (CMMC) –Certification and Beyond Panel	Mitigation of JavaScript-Based Data Generating Fingerprint Attacks	Physical, Cyber, and Compliance Security Considerations for Healthcare Projects	Strategies for Effective Communication in Cybersecurity Leadership	Future Shock: The Future of Fraud Today	Winning the Race Against Risk	Transform Users Into Defenders	Interactive demonstration on cybersecurity pen testing, physical hacking etc
	David Savage	Nathan Joslin & Phu Phung	Dave Davis	Chris Kuhl	Bryan Fite & Mohammed Kharji	Jeremy Milton	Chuck Grindle	Jake Brandau
	Sawdey Solutions	University of Dayton	Cincinnati Children's	WPCU	Mescho	Varonis	Proofpoint	Expedient Technology Solutions
20 min	Transition to Lunch - Buffet/ Start Eating / Chat at tables							
11:30-12:20pm	AUSA Tim Mangan, and now joined by AUSA/Deputy Criminal Chief Emily Glatfelter - Silent Warfare: Unveiling State-Directed Economic Espionage							
20 min	Transition to breakouts							
12:40-1:30pm	Air Force Life Cycle Management Center (30 minute session keynote)	Security Automation & Shenanigans	Security vs Compliance: Striking the Right Balance	Improve Your Cybersecurity Bottom Line	Enterprise IoT Deployment - From the Technology Acquisition to the Support and Management	Incident Response Live! (A tabletop group exercise)	The Evolving Cyber Security Landscape – What do companies need to think about and do to be better prepared?	Afidence catalyses the contracted workforce for enterprises with consulting talent
	Rich Kutter, AFLCMC Cyberseucirty Authorizing Official	Chris Morin	Dave Hatter	Ron Pelletier	Deral Heiland	Kerry Vickers & Rob Bradford	Connie Matthews	Spencer Hogan
		Nexum	Intrust IT	Pondurance	Rapid7	Aunalytics	ReyCon	Afidence
20 min	Networking / Visit Booths / Refreshments							
1:50-2:40pm	Ohio Cyber Reserve, Cyber Warfare Wing (30 minute session keynote)	Lightweight Detection of PHP-Based Unrestricted File Upload Vulnerabilities Via Static-Fuzzing Co-Analysis	How To Manage Cyber Risks With or Without Cyber Insurance	Technical Resilience & Cyber Resilience – what's the difference?	Security Copilot...not Autopilot	Malware Detection Convolutional Neural Network	Why people are susceptible to online romance scams	Invisibility Cloaks
	MAJ GEN John C Harris, Adjutant General, State of Ohio	Junjie Zhang	Eku Williams	Alice Kaltenmark	Jeremy Buxman	Sarah Spencer & Colten Spencer	James Robinson	Bryan Fite
		Wright State University	CyberSure	LexisNexis	Interlink	Infinity Labs	University of Dayton	GETSecure
20 min	Networking / Visit Booths / Refreshments							
3:00-3:50pm	Cyber workforce recruitment and retention: what's happening from the perspective of education and government	Find out where to start your Zero Trust journey	TBD	Security and Work from Home: Are You Protected?	Become an IPv6 Security Hero!	Generative AI for Advanced Threat Detection and Response	When is the right time to consider penetration testing for my organization?	
	Kyle Jones (moderator), Kirk Herath, & Jillian Burner	John Bruggeman		Seth Marsh	Brendan O'Connor	Nick Enger	Jake Brandau & JT Holliday	
	Sinclair, Office of Gov DeWine, & CISA	CBTS	Comcast Business	TMG	Checkpoint	Advanced Technology Consulting	Expedient Technology Solutions	
20 min	Drinks, Appetizers, Transition to panel and conference closing							
4:10-5:00pm	Shawn Waldman, Secure Cyber Defense, The Next Generation of Cyber Threats - Are you Prepared?
